SUNSTAR

Dual TECHNIQUE™ 2-in-1 Flosser

Designed for patients struggling to floss critical posterior tooth surfaces, but also looking for easy access to anteriors.

Offers Unique Dual Access

- Traditional "F" shape flosser for anterior teeth and "Y" shape with twisted floss for harder to reach posterior teeth.
- Longer, better grip handle works to help improve patient's flossing compliance.
- Featuring 2x the floss for a whole mouth clean

Featuring Twisted Floss

Patent-pending, plaque-grabbing twisted floss covers 30% more surface area* to help efficiently clean your patient's posterior teeth.**
